Nathan's Wall

Nathan's Wall stands as the fulfillment of a dream and a tribute to Nathan Nakis, Eagle Scout and Soldier, who gave his life in the name of his country.

Nathan served on the Black Mountain Summer Camp Staff in the high adventure program area. He shared the dream to some day have an indoor climbing facility at Camp Black Mountain. While serving in Iraq he spent countless hours talking about, drawing and designing his vision of what "the wall" should look like. Unfortunately Nathan did not live to see his dream come to life. But with the work of his parents, Elinor and Arty Nakis, and the dedication and donations of many Scouting and non-Scouting groups and individuals, Nathan's vision, a first class indoor climbing facility, has come to life!
