### Notes:

This is a fully uniformed event, as we model what your home troop or team should look like. The full field uniform will be worn much of the day throughout the course, with activity uniform the balance of the time. All will be in official BSA uniform (the first eight items on the required list) upon arrival at camp.

Since BSA has gone to socks in "normal" colors, you may wear your medium to dark grey/green non-BSA Thorlo/Smart Wool/REI/"brand of your choice" hiking socks that look similar instead of BSA socks if you so desire. Other colors (black/white/fluorescent top/etc) won't work. You should look like part of a fully uniformed troop

Pack must be used for getting gear to the campsite. Candidates must not use suitcases, footlockers or trunks at the campsite.

Normal prescribed patrol equipment will be issued, including cook gear. However, **each Scout is responsible for bringing his own personal eating utensils, plate, cup and bowl.**

Also, before coming, see that all badges and insignia are properly placed on the uniform.
