

Finding Your Vision

What Is a Vision?

We are beginning our journey
through the week.

When we reach the last
day of this course—

*What will success
look like to you?*

Vision

Vision is what future
success looks like.

If you can see it,
you can be it.

Vision

- Dream big.
Dream about what is possible.
- Share the vision.
Describe it.
Put it into words.

*"Nothing happens unless first
a dream." Carl Sandburg*

Vision

For each of the people in the video:

- What was his vision?
- Describe his vision in a few words.

*You can have a vision:
a picture of what
future success looks like.*

*If you can see it,
you can be it.*

Exploring the Power of Vision

- A vision is a picture of where you want to be.
- A personal vision: “I see myself as ...”
- We all will develop personal visions in this course.
- Today we will practice developing a vision of your patrol.

Shared Vision of a Team

- A team vision is what future success looks like for a group of people.
- If they can see it, they can be it.

Shared Vision

- An American astronaut standing on the moon
- A sports team with a winning record
- A band performing a complicated program
- A Scout troop backpacking at Philmont
- A team of climbers reaching a summit

The Challenge

- Develop a shared vision of success for your patrol to reach by the end of this course.

Summary

- Vision is what future success looks like.
- If you can see it, you can be it.

Keep your patrol vision statements
handy throughout the course.
