(Note: all insurance information must be completed)

**Please indicate the campsite(s), building(s), program area(s) and/or services requested on Pages 2 and 3 of this form.**

**Please Read The Following Camp Rules And Sign On Page 2:**

- 1. Upon arrival, your group's leader must check-in with the Camp Ranger or the Volunteer Camp Host at Knoll Lodge (inside the gate on the north end of the upper parking lot).** All vehicles must remain in designated parking lots and parking areas. The use of vehicles to transport equipment to campsites is discouraged. Overnight parking of vehicles at campsites or at the Dining Hall is not allowed. Units are encouraged to coordinate/consolidate the transportation of gear to their assigned campsite in order to minimize the number of vehicles entering camp. The Camp Ranger or Camp Host may limit the number of vehicles entering a campsite at any one time in order to minimize off road parking. All vehicles used to transport equipment to a campsite are to be removed as soon as the equipment is off loaded. Boy Scout Troops are encouraged to have the Scouts walk to campsite with their backpacks.
- 2. Camp Hours.** For the safety of those in camp, the camp's gates will be locked between the hours of 9pm and 6am. Your group and/or your individual families must arrive to camp before 9pm (late arrivals will not be granted access into camp after 9pm). Camp Quiet Hours are between 10pm and 7am.
- 3. Upon departure, your group's leader must check-out with the Camp Ranger or the Volunteer Camp Host.**
- Firewood is available for your use from the wood sheds but it will need to be chopped. Each campsite has an axe yard – you will need to bring your own axe. The cutting of trees or brush is not permitted. When you leave camp, please stack the unused firewood under the benches so it will be dry for the next group to use.
- Fishing is allowed only in the designated fishing areas, this includes the northwest and south dikes and the multiple fishing docks. No fishing is allowed in the swimming and boating areas or from the swimming and boating docks. There is a 2 fish limit for youth and a 1 fish limit for adults (adults must

fish with youth). There is no catching and releasing of fish – you catch it, you keep it! Please do not clean fish in the campsites or at the water's edge! Fish guts attract unwanted wildlife in to camp. The fish cleaning station is located on the outside wall on the right side of the Hollander Hall/Dining Hall.

6. Any damage to buildings or campsites (including the discharge of fire extinguishers) is the responsibility of the group and your group will be billed for repairs and/or replacements.
7. Swimming and boating activities are allowed only under the guidelines of BSA's *Guide to Safe Scouting and Safe Swim Defense and Safety Afloat*. The camp's swimming areas are closed during the Off-Season because we have no life-guard on duty. NO swimming is permitted in moving water. *No outside boats, canoes or kayaks can be brought in to camp and used on the lake.*
8. All open flames, including charcoal, must be kept a minimum of ten (10) feet from any structure.
9. All liquid fuels must be kept in clearly marked containers and locked in a secure storage area, a minimum of twenty (20) feet from all buildings, tents and fires.
10. All garbage/trash is to be removed from your campsite and taken with you when you leave camp or your group will be charged a \$30 garbage/trash removal fee. We have no garbage/trash removal at camp during the Off-Season so you need to take your group's garbage/trash home with you.
11. Your group is responsible for making sure all camp fires are completely extinguished before leaving camp.
12. Dishwashing must be done in your group's designated campsite. Do not wash dishes at the hose bibs/spigots or in the lake.
13. NO unauthorized firearms or weapons, including pellet guns, or fireworks of any type, are allowed in camp.
14. 5 MPH (miles per hour) is the speed limit on all camp roads.
15. No pets are allowed in camp.
16. No alcoholic beverages or drugs are allowed on camp property. No smoking is allowed on camp property, except in the designated smoking area which is the inside of a smoker's vehicle.
17. A \$50 refundable damage and cleaning deposit is required on all building rentals under \$100 and \$250 on all building rentals above \$100.

I, the undersigned, have read and understand all of the above Camp Rules. I also agree to share this information with others in my group so we can all abide by the Camp Rules.
