The 2019 Reservation Process

Our 2019 Summer Camp registration platform is moving completely online giving you more control of your registration. Under this system there are two steps to complete your reservation.

- 1) Upon registration, a deposit of \$50 per person is required, and
- 2) the balance is due by May 31, 2019.

Individual registration is not required. A Pack may make a registration for their den. A registration fee equal to \$50 per person will be due at that time.

Late fees apply after May 31, 2019 and registration is contingent on available space.

If applying for an [Opportunity Fund Camp Grant](#), it is best to submit your online request prior to registering for a camp. Deadline is April 15!

Payment methods: Credit Card (3% fee), eCheck (no fee) and Mail in. **If sending a unit check include contact name and phone, unit number, all participant names and online registration numbers.** Once the check payment is entered you will need to go back into your registrations to distribute the payment to your attendees. Units may also call the office to use their unit account. (Select Mail-in for this option.)
