

## Mount Baker Council - Activity Fee Family Plan Form

### Typical Family Plan - 12 Month Charter

The Council Activity Fee family plan is set at full fee for the first **\$180** for an immediate family within the same household (example - two youth members and two adults for 12 months). Once the threshold of \$180 is reached by a family during the charter year, each additional registered member/leader will be \$10 for the remainder of the charter year. Lion and Tiger Adult Partners are non-paid leaders; they will not be charged the Activity Fee. Merit Badge Counselors are also non-paid volunteers and are not registered leaders unless they are registered in a unit, district, or council position.

### Family Plan - for the 2021 Charter Renewal Period (Jan 1, 2021 to Oct 31, 2021) only

As we have adjusted the charter renewal period for this Fall's rechartering - the Council Activity Fee family plan has been set at a full fee of **\$150** for an immediate family within the same household (example - two youth and two adults for 10 months). Once \$150 has been reached by a family during this charter renewal period, each additional registered member/leader will be an extra \$10 for the remainder of the charter year. Again-Lion and Tiger Adult Partners are non-paid leaders; they will not be charged the Activity Fee. Merit Badge Counselors are also non-paid volunteers and are not registered leaders unless they are registered in a unit, district, or council position.

**\*For families with youth and/or adult members with primary registrations in multiple units: See additional instructions.**

**\* Additional Instructions with for families with youth and/or adult members with primary registrations in multiple units.**

In some cases, families may have children and adult partners who are primarily registered in multiple units. When this occurs, please follow these steps to complete the payment of Activity Fees and receive the Family Fee limit.

- 1 Complete one Activity Fee Family Plan form per family and indicate each member's primary unit registration.
- 2 Existing BSA members submitting this form for 2021 recharter year should give their form to the unit leadership to mail in with the recharter check.
- 3 Families should pay the Activity Fee **in full** for their members to the specific unit with whom they are primarily registered.
- 4 When the unit files their charter paperwork, they will submit the full activity fees for the family members within their unit, along with the Activity Fees Family Form. *Please turn in only one Family Fee form with the unit that has the most family members.*
- 5 When the Council Registrar reconciles the charters and the fees, the fees of a family will be reviewed and any funds paid in excess of the Family Fee cap (plus any extra members at \$10 each) will be refunded to the unit for redistribution back to the appropriate parties.

Members joining during the 2021 year should submit their form to the unit leadership with their payment and BSA applications (if not completed online). If fees/registration are completed online, email your completed form to [susan.mccaughan@scouting.org](mailto:susan.mccaughan@scouting.org).

\*Family Activity Fees equals \$205 which is the needed payment for multi-unit families. After reconciliation by the Council Registrar, the reimbursement will be \$45 back from the Council based on the \$150 family fee and \$10 per the extra family member [2 youth members at \$55 each and 2 adults members at \$20 each equals \$150 (family-limit) and \$10 for the additional youth member in the Troop.]
