SCOUT LAW EMPHASIS: THRIFTY

PROGRAM THEME: POWER UP!

A Scout is Thrifty. How does “Power Up!” relate to this point of the Scout Law?

A Scout protects and conserves natural resources. Scouts explore the science of energy through solar, electrical, wind, and even “Cub Scout Power”. They will also discover how this energy is used in every-day life. They will explore different ways to conserve energy and protect the world we live in.

Older Scouts can build skills that will help exhibit this Scout Law through working towards the Energy, Electricity, and Nuclear Science merit badges. Encourage Scouts to work on advancement requirements that focus on these topics.

Program Suggestions and Resources for Cub Scout Packs

National BSA has collected videos produced by Councils across the country to offer support for many of our Cub Scout Adventures. You can access the videos at: [Den Leader Tips & Tricks](#). We have suggested theme-related adventures for each rank and have included links to their videos (when available) below.

For Power Up!, have each Scout make their own creation, at home, based on the theme, then set up tables for each Scout to display pictures and/or items of their individual creations. Consider having some run-ons and jokes surrounding the theme. Ensure social distancing rules and guidelines, as directed.

Notes to the Unit Leader

This month, most of our counties are now in Phase 3 of Washington’s Safe Start plan. In-person meetings with groups of up to 10 individuals (minimum of 2 registered adult leaders) may be held. Cub Scout meetings should plan for groups of 5 youth and 5 adults.

So much of our Scouts’ lives right now revolve around their screens, and Scouting can easily become “one more zoom meeting” on their calendar. If planning to continue holding virtual meetings, do your best to avoid long speeches or presentations, and account for time for the Scouts to socialize and catch up with each other. Consider inviting Scouts to use a common virtual background (where possible) and they should always wear their Scout Uniform. A lot of different voices are great for breaking up the meeting, so consider inviting guest speakers to attend to share expertise or experiences with the Scouts.
